

ADDENDUM NO. 1

REF: PREQ-SFX-2026-28 - PREQUALIFICATION OF SUPPLIERS (2026-2028)
SUBJECT: AMENDMENT AND CLARIFICATION REGARDING CATEGORY
B: PROVISION OF TRANSPORT AND LOGISTICS SERVICES

DATE: March 30, 2026

To all prospective applicants - Local Community, Kerio Valley, Elgeyo Marakwet County.

Pursuant to the provisions of the Prequalification Application Form for SOFAX Fluorspar Kenya Limited, this Addendum is issued to provide formal clarification and specific compliance mandates for the category referenced below. This document shall form part of the official Prequalification Documents.

1. SPECIFIC CATEGORY FOCUS

Category Reference: PREQ-SFX-2026-028

Service Description: Provision of Transport and Logistics Services (Haulage of ore, acid grade fluorspar, mining consumables, and heavy equipment transport; staff transportation services; and equipment rental with operators).

2. MANDATORY LOCAL CONTENT COMPLIANCE

As per the strategic community engagement framework of SOFAX Fluorspar Kenya Limited, this category is **strictly reserved for the Local Community of Kerio Valley**.

- **Proof of Locality:** Applicants must provide a copy of National Identity Card and or proof of residency endorsed (stamped) by the local area Assistant Chief.
- **Proof of Ownership:** Applicants must demonstrate ownership of the truck(s) by name on the logbook (document of title) and or endorsement by the bank or financial institution if still under finance.

3. TECHNICAL SPECIFICATIONS & ASSET REQUIREMENTS:

Applicants must demonstrate the immediate availability to the following assets:

SOFAX FLUORSPAR KENYA LIMITED

Mining License No.: ML/2025/0216

Registration No. PVT-MKU996XY | Tax Identification No.: P0523071821

Post Office Box Number 13102, Post Code GPO 00100, Nairobi, Kenya

E-mail: info@sofax.co.ke | Url: <https://www.sofax.co.ke> | Tel: +254-20-2123001/4

- **Haulage:** Trucks suitable for bulk ore and acid-grade fluorspar transport, including necessary leak-proof containment and safety labelling.
- **Capacity Of Truck:** minimum load-axle limit should be 16 metric tons and not exceeding 20 metric tons.
- **Tipping Trucks:** the truck should have mechanism to tip when offloading.

4. ADDITIONAL DOCUMENTATION:

In addition to the standard eligibility requirements (PIN, TCC, Incorporation), applicants for this category must include:

- **NTSA Operating Licenses:** Valid licenses for all commercial transport vehicles.
- **Motor Vehicle Insurance:** Valid insurance covers for the trucks
- **Operator Certifications:** Valid Driving Licenses and Certificate Of Good Conduct for the drivers.

5. SUBMISSION INTEGRITY:

Section 7 of the original document regarding "Fraud, Corruption, and Ethical Conduct" remains in full effect. Any attempt by non-local entities to use local proxies ("fronting") to circumvent the reservation policy will lead to automatic disqualification and blacklisting.

All other terms and conditions of the Prequalification Document remain unchanged.

Authorized by:

The Management,
SOFAX Fluorspar Kenya Limited
Kimwarer, Kerio Valley.
